FORMULA BOTANICA

FREE FORMULATION:
BRIGHTENING UNDER EYE OIL

Phase	Ingredients	Weight (g)
A	Oat oil	18.00
A	Cacay Oil	7.50
A	Tomato seed oil	17.50
A	Green coffee oil	5.00
A	Prickly pear oil	1.50
B	Vitamin E	0.40
B	CoQ10	0.10
	Total	50.00

FORMULATION METHOD:

1. Start by setting up your workspace and laying out your ingredients. Make sure your space and equipment is sanitized.
2. Begin by weighing out the Phase A oils one by one into your beaker, taring your scales after each addition.
3. Next add in your CoQ10 and give the blend a good stir with a mini whisk until the blend is fully uniform with no swirls. If your coQ10 does not fully solubilize in the blend then this usually happens when the oils are too cold. You can heat it very gently (max 40C) to help the Coq10 solubilize within the oils.
4. Finally add in your vitamin E and blend together well.
5. Pour your finished eye oil into its final packaging, label, and enjoy!
