YOUR MASTERCLASS SHOPPING LIST

Welcome to Formula Botanica's Organic Skincare Entrepreneur Masterclass!
Between April 23th – May 5th 2026, we'll be sharing our series of FREE training videos to teach you how to become an organic skincare formulator and entrepreneur.

Now that you've registered to join our big event, please take the 4 following steps:

Step 1	Step 2	Step 3
Hit reply to the email we just sent you to tell us you received it OK! That will make sure you receive your Masterclass series in your inbox.	**Sign up for SMS** notifications so we can let you know when each new episode is released.	Join our **Masterclass** group where we'll be connecting everyone in the Masterclass.

Step 4: Get your ingredients and equipment ready to formulate along with us!
You will need the following ingredients to formulate the botanical eye cream we'll be teaching you to make (we've recommended enough ingredients to make 150g – that means you'll be able to make the eye cream 3 times):

- ☐ Rose hydrosol – INCI: *Rosa Damascena Flower Water* (we recommend getting at least 112.5g)
- ☐ Jojoba oil – INCI: *Simmondsia Chinensis (Jojoba) Seed Oil* (we recommend getting at least 22.5g)
- ☐ Olivem 1000 – INCI: *Cetearyl Olivate (and) Sorbitan Olivate* (we recommend getting at least 6.75g)
- ☐ Rosehip CO_2 extract – INCI: *Rosa Canina (Rosehip) Fruit Extract* (we recommend getting at least 1.5g)
- ☐ Cucumber glycerite – INCI: *Glycerin (and) Aqua (and) Cucumis Sativus (Cucumber) Fruit Extract* (we recommend getting at least 4.5g)
- ☐ Vitamin E tocopherol – INCI: *Tocopherol* (we recommend getting at least 0.75g)
- ☐ Preservative Eco / Geogard ECT – INCI: *Benzyl Alcohol (and) Salicylic Acid (and) Glycerin (and) Sorbic Acid* (we recommend getting at least 1.5g)

❗ ***Please note:*** *if you can't get hold of these ingredients, then we will be sharing alternative options with you in Episode 8 of your Masterclass series.*
